Pizzeria. Cafe.

- ABOUT US -

Su-swatam (welcome) everyone to Su-Bakes, a newest destination for tasty, quality, well crafted, Wood fired Pizzas. “Su”, a prefix in Sanskrit, describes everything that is good, qualitative and neat. “Su” also stands for Sukrutee who converted her passion for cookery into career.

Right back in November 2020 when the world was recovering from the first wave of pandemic, Sukrutee started her own Cloud kitchen cum Bakehouse offering Celebration Cakes, Pastries, Pizzas, etc, for the calm and quiet vicinity of Sahakarnagar, Pune. Though the area of operation was limited the response was humongous.

Sahakarnagar folks wholeheartedly welcomed the idea of home made freshly baked Pizzas with tasty marinara, stringy Mozzarella, fresh Veggies and other ingredients. Word of mouth spread very fast. We served even distant areas all over Pune, routinely and repeatedly. Inspired by affection shown by dedicated Customers it gave boost to new aspirations for growth.

Our SuBakes - Pizzeria Cafe - is SuBakes 2.0 offering our USP- LEOPARD SPOTTED SCRUMPTIOUS NEAPOLITAN STYLE WOOD FIRED PIZZA along with other Italian delicacies. SuBakes also offers ambiance of countryside rustic Italian Ristorante, live Pizza experience and a good spot to hang out for everyone.

It is our sincere effort to bring Italian experience to your neighbourhood.

Neapolitan Style Wood Fired Pizza

At SuBakes, our passion lies in crafting Neapolitan-Style Pizzas, each kissed by the flames of our Wood-Fired Oven to perfection. The result is the symphony of flavours, reminiscent to the iconic pizzas found on the streets of Naples, Italy. We take pride in using finest ingredients to create an experience that transports you straight to the cobblestone streets of Italy.

Our Pizza is crafted using finest quality of ingredients as Italian '00 flour' used to make pizza dough. 48+ hrs slow fermentation of dough contributes to a light & airy crust with a distinct chewiness.

Our tomato sauce is crafted exclusively with aromatic fresh herbs. We also make our Fresh & Juicy Mozzarella in-house using fresh buffalo milk.

The Pizza is baked rapidly in an extremely hot wood-fired oven for approximately 2 minutes and it gives the crust its fluffy appearance and leopard spotting.

Since the middle of the pizza is relatively thin, this pizza is supposed to be eaten with knife and fork or by folding it, much unlike New York style Pizza. The soft, light, pillowy and chewy crust coupled with the genuine ingredients added on top makes the perfect Neapolitan style pizza.

Smoke from the wood infuses the crust to get that charry aroma, that leopard spotted texture, that soft and chewy crust, isn't this out of the world phenomenon?

NOT BURNT. JUST PERFECTLY CHARRED!
